

PROJECT OF THE MONTH

April

PERSONAL PEEP HOLDER

BY ana WOHLFAHRT

- 1** Score the orange cardstock at 2 1/2", 4, 5 1/2", and 7."
- 2** In between the 2 1/2" and 4" score lines place a small oval nestabilities. Run through die cutting machine.
- 3** Next take a small scalloped oval die and run it through with green card stock. Then, take the smaller oval die and place in the middle of the scalloped oval die cut. Run through die cutting machine. This will create a oval scalloped border. Adhere the scalloped border around the oval hole between the scored lines.
- 4** Using the mustard colored ink, stamp the carrot randomly on the orange cardstock strip.
- 5** Stamp "Do you smell carrots?" in the space between the 4" and 5 1/2" score.
- 6** Adhere both paper edges together. And fold the bottom section into a box. You may need to add more adhesive to the "handle" section of the holder to add stability.
- 7** Next, layer the patterned paper on top of the light pink and brown and attach together. Adhere to the "handle" section of the holder. Tie ribbon around the panel.
- 8** Stamp the Rabbit and Carrots on the white cardstock and color. Attach to brown panel.
- 9** Attach the brown and pink circle together. Adhere half the circles to the edge of Rabbit and Carrots panel to form a tag. Punch two holes in the circles and use ribbon to tie to ribbon on holder.
- 10** Place the peeps in the cellophane bag and tie with more ribbon. Place in holder.

You'll need:

- Beans, & Bunnies, & Peeps, Oh My! (S-8633 CL)
- VersaFine Onyx Black Ink
- Mustard colored ink
- Patterned paper 3" x 1"
- Brown Cardstock 3" x 1 3/4", 3" x 1 1/2" and 1" circle
- Light Pink Cardstock 3" x 1 1/4" and 3/4" circle
- Green Cardstock 3" x 3"
- White Cardstock 2 3/4" 1 1/2"
- 3" x 11" orange card stock
- Copic Markers
- Small Oval Nestabilities die
- Small Scalloped Oval nestabilities die
- Die cutting machine
- 1/4" circle punch
- Satin Ribbon
- Adhesive
