Create Your Bag

- 2 Stack both Light Yellow Gift Card Envelopes and the Orange Polka Dot flap in your die cutting machine. Center the oval from the Circus Panels CutUps die set and cut a handle. *Could require several passes through the machine.*

- 3 Adhere Orange Polka Dot pattern paper flap to Light Yellow flap.
- 4 Leaving about ¼" from crease, layer and adhere bottom panels of bag.
 
- 5 Stamp name on right hand side of green grass layer.
- 6 Layer/offset and adhere Green grass panels to front of bag. *TIP: Only put adhesive of the bottom portion of the grass.*
- 7 Sponge edges of basket with brown ink and adhere between Green grass layers. Add eggs to basket and grass.
- 8 Layer and adhere felt flowers, leaves and button tied with Orange Divine Twine. Attach to right side of basket.
- 9 Add treats to bag and adhere top flaps together.
